ABOUT ME

I hold a degree in Computer Engineering from the Universitat Autónoma de Barcelona, specializing in software development. I am currently pursuing a Master's in Artificial Intelligence, allowing me to delve deeper into advanced technologies and broaden my perspective in the field of AI.
In addition, I am developing my own portfolio using technologies like React, TypeScript, Node.js, Next.js, and Tailwind CSS, to continue learning and applying new technologies.

WORK EXPERIENCE

Operation and Cybersecurity Intern
Consorci de Serveis Universitaris (CSUC) | June 2023 - September 2023
- Help desk and Service desk agent
- Make changes on GLPI to improve some aspects with Python
